Subject: Protected A Skye resources CGN - mission critical. Follow up

Skye resources may call DFAIT tomorrow to request assistance. Friday evening I was informed things were calmer at mine site near El Estor and discussions underway with invaders.

[REDACTED]

.Monday about six pm [REDACTED] consultant to skye, called me to say that situation had deteriorated and that anarchic free for all land grab was underway. [REDACTED]

[REDACTED]

Embassy help requested.

I spoke with [REDACTED] and with private secretary of president Colom. [REDACTED] and private secretary [REDACTED] called back to say that President had been in meeting with security cabinet and that all were informed of crisis including danger of injury to people [REDACTED]

[REDACTED]

Promises of immediate action received. Will see tomorrow if promises more solid than those given Friday last.

[REDACTED] has promised to keep me informed as have Skye - CNG management on the ground.
